If the leased land is hereinafter owned in separate tracts, the premises, nevertheless, shall be treated as an entirety and all payments due shall be paid proportionally (on an acreage basis) to each separate owner, and if Lessor owns less than the entire fee, Lessor shall be paid only his proportional share of any payment due. Lessor shall not bring any action against Lessee until after 30 days after service of such notice on Lessee.

7. Lessor hereby warrants and agrees to defend title to the land herein described and agrees that Lessee, at its option, may pay and discharge any taxes, mortgages, or other liens existing, levied or assessed on or against the said lands and, in the event it exercises such option, it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself for any payments due hereunder.

8. Lessee shall have Lessor's current water supply sampled and tested prior to the spudding of any well drilled within five hundred feet (500 ft.) of the leased premises. Should Lessor experience a material adverse change in the quality of Lessor's water supply, during or immediately after the completion of Lessee's drilling operations; Lessee shall, within 48 hours of Lessor's written request, sample and test Lessor's water supply at Lessee's expense. Should such test reflect a material adverse change as the result of Lessee's drilling operations within five hundred feet (500 ft.) of the leased premise, Lessee agrees to provide Lessor with potable water until such time as Lessor's water source has been repaired or replaced with a source of substantially similar quality.
